Profile Summary

Data-driven professional with expertise in SQL, Excel, Power BI, and Python, skilled in analysing complex datasets, optimizing queries, and creating impactful visualizations to support data-driven business decisions.

Technical Skills

Data Analytics & Visualization: Power BI (Desktop, Service), DAX, Data Modelling, Data Storytelling
Data Processing: SQL (MySQL, PostgreSQL), Oracle PL/SQL, Power Query, Exploratory Data Analysis(EDA)
Programming: Python (Pandas, NumPy, Matplotlib, Seaborn)
Advanced Excel: Pivot Tables, Dashboarding
Tools: Power BI, Microsoft Excel, SQL Databases, Jupyter Notebook, VS Code

Experience

Consilio LLC   **Jan 2025-Present**
Review Data Specialist   *Gurugram, India*
- Analysed, categorized, and ensured the accuracy of large datasets, identifying patterns and flagging issues.
- Utilized **Excel (Pivot Tables, Power Query, VLOOKUP)** to clean, transform, and automate data workflows.
- Collaborated cross-functionally, applying analytical and problem-solving skills to enhance data integrity and decision-making.

KultureHire   **Oct 2024-Dec 2024**
Business Analyst Virtual Intern   *Remote*
- Analysed Gen Z career aspirations and workplace challenges through an independent project.
- Used **SQL** and **Excel** for data cleaning, processing, and extracting insights from large datasets.
- Delivered actionable insights through concise **reports** and visualizations to support stakeholder decisions.

Projects

Goodcabs Insight 360 | *SQL, Power BI, PowerPoint* | View Dashboard   **Dec 2024**
- Analysed GoodCabs performance across 10 cities from January to June, focusing on ride volume, revenue, and customer satisfaction.
- Created **SQL queries** to analyse data and uncover trends, and built an interactive **Power BI dashboard** to visualize key metrics, enabling efficient real-time decision-making.
- This analysis led to a 20% increase in new passenger bookings, a 50% boost in company visibility, and optimized operations that resulted in a 12% increase in booking efficiency.

GenZ Career Aspirations | *Excel, SQL, PowerPoint* | GitHub Repository   **Oct 2024-Dec 2024**
- Collected and analysed survey data, ensuring accuracy by cleaning and standardizing it in Excel. Used **SQL queries** to identify trends and correlations in career goals and workplace challenges.
- Created an interactive **Excel dashboard** to visually present insights. Shared findings and offered actionable recommendations that could address up to 70% of workplace issues, enhancing communication and employee satisfaction.

Sales Insights Dashboard | *SQL, Power BI* | View Dashboard
- Streamlined sales data in **PostgreSQL** by cleaning and removing duplicates, null values, and irrelevant records for improved accuracy. Created an interactive **Power BI dashboard** to highlight sales trends, top customers, and regional performance, providing actionable insights.

Education

Bachelor of Science (Hons.) in Computer Science   Nov 2021 – June 2024
Atma Ram Sanatan Dharma College, University of Delhi   *New Delhi, India*

Higher Secondary Certificate   Apr 2020 – Jul 2021
S.D. Memorial Sr. Sec. School   *Gurugram, Haryana*

Achievements

- **Gold Badge** in **SQL** on HackerRank
- As **Joint Secretary** of Tech-a-Thon, led *Sanganak Vimarsh'24* with strong leadership and teamwork skills, managing a team of 50+ to execute seminars, workshops, and tech initiatives, fostering collaboration and driving impactful engagement.
- Spearheaded student council events and initiatives as **Vice-Captain**, ensuring smooth execution.
